

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

1. Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product Identity Castaldo® SuperCera® Jewelry Injection Wax
Alternate Names Castaldo® SuperCera® Jewelry Injection Wax

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use See Technical Data Sheet.
Application Method See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name Goodwin Refractory Services Ltd
Spencroft Road, Newcastle-under-Lyme,
Staffordshire, ST5 9JE, United Kingdom

Emergency

24 hour Emergency Telephone No: Chem-Tel: 1-800-255-3924
Customer Service: +44 (0) 1782 66 36 00

2. Hazard identification of the product

2.1. Classification of the substance or mixture

No applicable GHS categories.

2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

No applicable GHS categories.

[Prevention]:

No GHS prevention statements

[Response]:

No GHS response statements

[Storage]:

No GHS storage statements

[Disposal]:

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

No GHS disposal statements

3. Composition/information on ingredients

There are no ingredients in this product which are classified as hazardous.

4. First aid measures

4.1. Description of first aid measures

General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
Eyes	Exposure to fumes, vapors or smoke of over-heated product can result in irritation to eyes. Direct contact with molten material may cause eye injury and burns. Should contact occur, flush eyes with generous amounts of water for at least 15 minutes and seek medical attention immediately.
Skin	Exposure to fumes, vapors or smoke of thermally degraded product can result in irritation to skin. Direct contact with molten material may cause injury and burns. For burns apply running water to the injured area for 15 minutes. Do not attempt to remove any material bonded to the skin. Seek medical attention immediately.
Ingestion	If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

4.2. Most important symptoms and effects, both acute and delayed

Overview	Eye Contact: Contact with solid material may cause irritation. Direct contact with molten wax to the eye may cause thermal burns. Skin Contact: No danger at room temperature. Direct contact with molten wax to the skin may cause thermal burns. Inhalation: Molten wax fumes may cause respiratory discomfort and irritation. Ingestion: Material is essentially inert and non-toxic. May cause gastrointestinal irritation, nausea, vomiting and diarrhea if ingested in large quantities. See section 2 for further details.
-----------------	---

5. Fire-fighting measures

5.1. Extinguishing media

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

Recommended extinguishing media; alcohol resistant foam, CO₂, powder, water spray.

Do not use; water jet.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: Upon decomposition, this product emits carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

5.3. Advice for fire-fighters

This product will burn if involved in a fire. Do not use water on molten product to avoid splattering and spreading of fire.

Wear full firefighting gear and self-contained breathing apparatus.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Treat as a thermoplastic. With molten spills, allow the material to cool and solidify. Keep material out of sewers and water streams by diking or impounding. Recover and place into appropriate containers for salvage or disposal according to Local, State and Federal regulations.

7. Handling and storage

7.1. Precautions for safe handling

Avoid contact with skin and eyes. Avoid contact with molten material. Wash thoroughly after handling. Avoid breathing fumes if used at high temperatures. Use in adequate ventilation.

7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Incompatible materials: Strong oxidizing agents (i.e. peroxides, chlorine).

Store sealed containers in a cool dry place away from heat and direct sunlight.

7.3. Specific end use(s)

No data available.

8. Exposure controls and personal protection

8.1. Control parameters

There are no ingredients in this product which are classified as hazardous.

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

8.2. Exposure controls

- Respiratory** If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.
- Eyes** Protective safety glasses with eye shields recommended.
- Skin** Proper protective splash resistant clothing, thermal gloves, splash resistant shoes,
- Engineering Controls** Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.
- Other Work Practices** This material will be utilized in molten form. Use molten material in well ventilated areas. When working in confined areas, use of appropriate respiratory gear is recommended. Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

9. Physical and chemical properties
--

Appearance	Various Colors blocks/flakes, solid @25C/77F
Odor	No
Odor threshold	Not Measured
pH	NA
Melting point / freezing point	58-80 C
Initial boiling point and boiling range	NA
Flash Point	420 F (COC)
Evaporation rate (Ether = 1)	NA
Flammability (solid, gas)	Not Applicable
Upper/lower flammability or explosive limits	Lower Explosive Limit: NA Upper Explosive Limit: NA
Vapor pressure (Pa)	NA
Vapor Density	NA
Specific Gravity	< 1 (H2O=1)
Solubility in Water	Soluble
Partition coefficient n-octanol/water (Log Kow)	Not Measured
Auto-ignition temperature	NA
Decomposition temperature	NA
Viscosity (cSt)	NA
VOC %	NA
% Volatile	Negligible

9.2. Other information

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

No other relevant information.

10. Stability and reactivity

10.1. Reactivity

Hazardous Polymerization will not occur.

10.2. Chemical stability

Stable under normal circumstances.

10.3. Possibility of hazardous reactions

No data available.

10.4. Conditions to avoid

Excessive heat and open flame.

10.5. Incompatible materials

Strong oxidizing agents (i.e. peroxides, chlorine).

10.6. Hazardous decomposition products

Upon decomposition, this product emits carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

11. Toxicological information

Acute toxicity

There are no ingredients in this product which are classified as hazardous.

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).

Classification	Category	Hazard Description
Acute toxicity (oral)	---	Not Applicable
Acute toxicity (dermal)	---	Not Applicable
Acute toxicity (inhalation)	---	Not Applicable
Skin corrosion/irritation	---	Not Applicable
Serious eye damage/irritation	---	Not Applicable
Respiratory sensitization	---	Not Applicable
Skin sensitization	---	Not Applicable
Germ cell mutagenicity	---	Not Applicable

Safety Data Sheet

Castaldo® SuperCera® Jewelry Injection Wax

SDS Revision Date:

09/01/2020

Carcinogenicity	---	Not Applicable
Reproductive toxicity	---	Not Applicable
STOT-single exposure	---	Not Applicable
STOT-repeated exposure	---	Not Applicable
Aspiration hazard	---	Not Applicable

12. Ecological information

12.1. Toxicity

This product is stable in water and can be mechanically separated from water. The water may be suitable for disposal in a biological waste water treatment plant. Not expected to be acutely toxic to aquatic organisms.

Aquatic Ecotoxicity

There are no ingredients in this product which are classified as hazardous.

12.2. Persistence and degradability

There is no data available on the preparation itself.

12.3. Bioaccumulative potential

Not Measured

12.4. Mobility in soil

No data available.

12.5. Results of PBT and vPvB assessment

This product contains no PBT/vPvB chemicals.

12.6. Other adverse effects

No data available.

13. Disposal considerations

13.1. Waste treatment methods

Observe all federal, state and local regulations when disposing of this substance.

14. Transport information

	DOT (Domestic Surface Transportation)	IMO / IMDG (Ocean Transportation)	ICAO/IATA
14.1. UN number	Not Applicable	Not Regulated	Not Regulated
14.2. UN proper shipping name	Not Regulated	Not Regulated	Not Regulated
